MULTI-DIRECT CUSTODY SOLUTION

Access is provided through a single contract that connects multiple markets in the region, supported by a centralised client relationship model using a shared technology platform across markets.

Regional hub custody solution

Access is provided through a single agreement and operational contract with Standard Bank of South Africa. A flexible operating model allows clients to choose to be serviced directly in-country or through a more centralised operating relationship out of Johannesburg with dedicated market specialists in each country. We continuously invest in upgrading our technology platform to future-proof our products and partner our clients in their digital and data strategy. We are fully ISO 15022 compliant, supporting a broad range of securities and cash SWIFT reporting messages.
